Preferred Service Agreements

This agreement includes two planned maintenance inspections per year to help prevent breakdowns and to maintain efficiency. During these visits, we will inspect and advise you of any needed repairs. No repairs will be made without your approval. In addition to priority service, we service our Preferred Service Agreement first. You only pay for parts and materials needed to repair your unit. These inspections and any repairs need to be scheduled during normal working hours Monday-Friday 8:30 a.m. - 4:00 p.m. Beyond regular scheduled hours additional charges apply.

See Conditions Below

Routine Maintenance on your Heating and Cooling Equipment will:

- Lower Operating Cost
- Prolong Equipment Life
- Keep Equipment Operating Safely
- Require Fewer Repairs

*The compressor, evaporator coil, condenser coil and heat exchangers will be replaced with a 4 hour labor and materials charge only when covered by manufacturer's parts warranty. Replacing defective heat exchangers over 10 years old will incur a labor charge even if still under manufacturer's parts warranty.

Accessory Coverage: Electronic air cleaner, and humidifier may be covered only under Plan B at an additional charge. Accessory coverage for repair labor only. Repair parts are chargeable.

Agreement Terms and Conditions:

1. It is mutually agreed that this agreement covers only electrically operated components inside the equipment and does not cover electrical or plumbing work beyond the units or work required due to negligence, misuse of the equipment or because of fire, flood acts of God or government, vandalism, sabotage or electrical, gas or water supply or damage caused by freezing.
2. A/C Doc, Inc. (hereafter referred to as A/C Doc) reserves the right to reject any agreement if an inspection by our service technician reveals the equipment to be in such conditions that the service will be unsatisfactory. **The equipment must be brought to industry standards at the customer's expense before acceptance of agreement at the time of the first maintenance check.**
3. A/C Doc shall not be responsible for system design or performance in maintaining design conditions except through failure of equipment covered herein.
4. Any changes, adjustment or repairs made by others, unless authorized and approved by A/C Doc in writing, shall terminate this obligation hereunder.
5. It shall be at the discretion of A/C Doc to repair or replace defective materials and parts. In the event any or all of the equipment is not, in our opinion, economically repairable, A/C Doc will quote a replacement cost. Until replacement has taken place, no further service will be performed.
6. A/C Doc will not be required to furnish without extra cost any items of material, labor or equipment which are recommended or required by insurance companies, Government, State, Municipal or other authorities.
7. The customer cannot assign or transfer this agreement without prior written consent of A/C Doc.
8. Unnecessary or nuisance calls beyond the scope of this agreement will be charged to and paid by the purchaser at the prevailing service rates. Example: blown fuses, dirty filters, tripped breakers.
9. **All service will be performed during regular working hours (Monday through Friday, 8:30 am to 4:00 pm). Additional charges will apply for any service rendered after these hours.**
10. A/C Doc will endeavor to render to tender prompt and efficient service hereunder, but it is expressly agreed that A/C Doc shall in no event be liable for damage or loss caused by delay or any loss or excess costs arising out of performance of this agreement. A/C Doc does not guarantee the proper functioning of your equipment and shall not be liable for any loss, damage or fuel/energy cost resulting from the improper functioning of your equipment.
11. It is mutually agreed that A/C Doc shall not be responsible for any water damage caused by clogged condensate drains as a result of normal operation or equipment.
